Take some time to explore this fragile paradise, enjoy hiking, and experience a variety of sports adventures, wildlife watching, and a night of harmony with nature in your own eco dome tent. Most importantly, we are 100% sustainable, which means you can relax and enjoy your trip without worrying about your impact on this fragile land.

The dome tent house adopts a combined galvanized steel structure frame, which can be safely and stably used in different terrains. The eco friendly geodesic dome tent can withstand winds of 8-10 level , it can carry rain and snow, and adapt to the temperature environment of -30° to 70°. The geodesic dome roof is made of ultra-light PVC, PVDF and other materials, which with good waterproof, UV-resistant, tear-resistant properties, as well as B1/M2 fire resistance. The interior of the geodome home is decorated with bedrooms, bathrooms, terraces and other areas, furniture, flooring, lighting and other facilities. You can also experience the comfort of a five-star hotel in the wild.
