The geodesic dome tent pod, which is often referred to as a luxury tree house, is a spherical dome that provides all the comforts of home. Surrounded by forests and large, beautifully designed decks, the eco friendly spherical dome tent extends the living space to the most beautiful backyard imaginable. Each spherical dome tent deck is equipped with a courtyard light that allows campers to enjoy the hot tub and barbecue in the evening.

Each spherical dome tent cabin has a fully equipped kitchen, bathroom and sofa bed that can be turned into a double bed. Our one bedroom (40 square meter spherical dome cabin) can accommodate up to 4 people, while our two bedroom (65 square meter spherical cabin) can accommodate up to 6 people. The back of the dome house faces the forest and has a large transparent window that makes nature the only TV we need in a dome. When the wind plays the original melody, the music of the swaying trees will let you sing silently to sleep.
